From 09.09. to 20.09.  
I attended a language  
course in Limassol in  
Cyprus.

During these two weeks,  
I had the opportunity to  
learn English in an  
international environment.  
I met many interesting  
people from all Europe.  
This time made me want to  
continue learning English.

Also we had time to discover  
the charms of Cyprus.  
Beautiful views, wonderful  
sea, delicious cuisine and  
very friendly people.

With my team: Ewa Kiełczykowska, Aldona Kwiatkowska and Małgorzata Wiśniewska it was double pleasure to be part of the project "We are together".

I'm entering a new school year with new: energy,  
possibilities, friends, view of education.

Thank you- Anna Stencel
